

January 26, 1998

Mr. Nicholas Kalantzis
Event Coordinator

Dear Nick,

I would like to take this opportunity to thank you so very much for the absolutely **incredible** job you did decorating the hall for our 1997 Holiday party. This was the first time that Andersen Consulting went outside for this type of service, and the response was overwhelming. The decorations were elegant and matched our theme perfectly.

We were given a strict mandate by the Executives to make this the best Holiday party ever, and with the help of Nick, we accomplished this, and more. All those who attended were in awe of the 10 foot Christmas tree, the table decorations, as well as all the other gigantic Christmas decorations.

As for our "Arcade" room, again the decorations were outstanding. We had so many positive comments, that I have been asked to reserve you again for our 1998 Holiday party. Hopefully this will be the beginning of a long and prosperous professional relationship for both our companies.

I would also like to stress the fact that you were always available to answer any questions, and make adjustments, if necessary, to help us match our budget and expectations. Your kind and courteous manner were well appreciated, and make us all the more anxious to use your company's services in the future.

I would love to send you some photos of the hall, but unfortunately, the pictures that were taken are all very dark, and do not do justice to your incredible efforts. I have although included one photo (although not very good!!), to help show some of the table decorations, as well as some of the snowflakes, and the enormous candy canes.

Again, thanks to all of you who helped make our 1997 Holiday party such a huge success.

Lynn Couillard
Location Coordinator
ANDERSEN CONSULTING
